WOODBURY, N.Y. — This week at Caravan Salon in Dusseldorf, Germany, premium recreational vehicle supplier Lippert Components, and Knaus, a manufacturer of leisure vehicles in Europe, are both featuring the world premiere of dimmable windows using Research Frontiers' SPD-SmartGlass technology.

These electronically dimmable smart windows, which dramatically improve the recreational vehicle passenger experience, were supplied by Vision Systems, a licensee of Research Frontiers.

Vision Systems' smart windows using SPD-SmartGlass technology deliver unprecedented benefits for passengers in RVs of all types.
