

PRESS RELEASE
Brignais, 28th September 2016 – for immediate release

VISION SYSTEMS, A LEADER IN ELECTRONICALLY DIMMABLE WINDOWS ANNOUNCES ITS PARTNERSHIP WITH YACHTGLASS

**MONACO YACHT SHOW – 28th SEPTEMBER TO 1st OCTOBER
BOOTH QL2, JETÉE LUCCIANA**

Visions Systems continues to assert its presence in the marine industry and expands its partnership network.

Vision Systems has signed a strategic partnership with the German supplier of glass systems for ship and yacht construction YACHTGLASS, a subsidiary of the Hero-Glas corporation. YACHTGLASS' complementary expertise and know-how, will allow both Vision Systems and YACHTGLASS to propose complete systems to their customers. YACHTGLASS will sale dimmable solutions including electronics, based on SPD technology in Europe, Russia and Middle East.

"YACHTGLASS brings us their expertise in marine glass for superyachts to help us better understand the specificities of the market and therefore to propose high quality solutions specifically tailored to meet the requirements of challenging environments and conditions", stated Catherine Robin, EVP Strategy and Business Development.

YACHTGLASS will be present at Monaco Yacht Show and will exhibit Electronically Dimmable Windows made in collaboration with Vision Systems.

Headquartered near Lyon, France, with a production and sales unit in Florida, USA, and a trade office in Singapore, Vision Systems is a tier-one system supplier in the aeronautic, land transport and marine industries, designing and producing bespoke solutions for specific market segments in complex environments. The company's genuine expertise in solar protection places it today among the world leaders in this area and the development of customized entertainment & connectivity solutions allows it to rank as a competitive challenger in embedded systems.

Vision Systems combines complementary skills in electronics, mechanics and composite to provide ever more innovative solutions for cost reduction, heightened safety and improved comfort.
