Vision Systems Presents the Latest Developments in Solar Protection

Vision Systems is set to present its second-generation electronically dimmable window, Nuance V2, and the latest version of its smart interactive window, Acti-Vision Window that has been adapted to business aviation, via its recently created division, Smart Lite.

Offering sleek and elegant designs, the electronically dimmable solutions enable passengers to tune the tint of their window

from clear to dark to regulate daylight, glare and heat entering in while preserving the view, and enhance visual, thermal and acoustic comfort, for a peaceful atmosphere.
